Two New Directors Selected On Local Board For District

Two new directors of the Truckee Public Utility District to replace the two who resigned last week have been selected by the board and will take office at the meeting September 29.

They are David Rose and Jack Marquette. Rose was at one time an elected member of the board but resigned when he opened a grocery store in Arcata and was required to change his residence. The store was recently sold and Rose has returned to make this his permanent home.

Marquette, motel owner at Donner Lake, is president of the Truckee Donner Chamber of Commerce and active civic leader.

Both have agreed to serve on the board.

Rose and Marquette will replace George Kaspian and James McIver, who resigned last week.

Lee Cannon, State Engineer, Expires

SQUAW VALLEY—Final rites rites will be held at the United Church of Christ in Squaw Valley Sunday at 2:30 p. m. for Francis Lee Cannon, 46, a resident of this community for the past five years, who expired Tuesday in the Travis Air Force Base hospital. Rev. Frank Evans will officiate and the Truckee Colonial Mortuary is in charge of arrangements.

Cannon, chief engineer for the division of beaches and parks at Squaw Valley, was stricken with an apparent heart attack September 1 and was removed to the hospital.

He was a native of Point Richmond, born June 13, 1918. He was a navy veteran, having served as chief petty officer for 21 years.

Cannon is survived by his wife, Laura M. and four children, all attending the Tahoe Lake Elementary school. They are James Scott, Michael Lee, Susan Marie and Larry Joe.

The deceased was a member of the Truckee Masonic Lodge, the Clampers, the Parent-Teachers Association and the C. S. E. A.

The body will be shipped to Houston, Texas, for burial.

Radio Church Will Open Convention

Between 6,000 and 7,000 members of the Radio Church of God are scheduled to arrive this weekend to hold their annual conference at Squaw Valley. The group will remain for ten days, occupying many of the hotels, motels and private residences in the Squaw Valley, North Tahoe and Truckee-Donner area.

This marks the fourth year the membership of the church has selected Squaw Valley for their conference.

Details for housing the members were made in advance of their arrival this year to avoid confusion which occurred previously.

TRANSIENT IS JAILED FOR STARTING BLAZE

Jerome Murray, 61, a transient laborer, who was found guilty of starting a campfire which got out of control on East River Street Thursday afternoon, was sentenced to 30 days in jail when he appeared before Judge F. W. Wilson in the Truckee Judiciary District Court Friday. Twenty days of the sentence were suspended.

Murray, who claimed to be a former forest service fire fighter in Montana, admitted starting the fire which was stirred by a strong wind and started what might have developed into a major blaze.

The Truckee Volunteer Fire Department and units of the U. S. Forest Service suppression crews battled the blaze for some time before bringing it under control.

LAST RITES ARE HELD FOR KINGS BEACH MAN

Last rites were held Monday afternoon for James L. London, 89, a resident of Kings Beach, who died September 10. The Truckee Colonial Mortuary was in charge of the services and interment was in the Sierra Mountain Cemetery.

London was a native of New York, born February 12, 1875.

He is survived by two daughters, Mrs. Irma Sikorsky of Kings Beach and Mrs. Louise Emily Talic of Saginaw, Michigan.

SPECIAL MEETING

A special meeting of the Board of Directors of the Truckee Public Utility District will be held in the office of the District on Commercial Row, September 22nd at 7:00 P. M. The purpose of the meeting is to open bids on water projects.

Kaspian Tells Why He Opposed REA Loan To District

Strenuous objection to the terms of the resolution presented by the Rural Electrification Administration in order that the Truckee Public Utility District can borrow $376,000, or any part therefor necessary for the improvement and expansion of the present electric system, was voiced by George Kaspian as he tendered his resignation as a member of the board of directors last week.

At the same time, those supporting the REA loan, held that the wording of the resolution was a standard form, adopted by agencies securing loans.

To further his argument against the resolution, Kaspian said he had employed an attorney to interpret provisions of the document and that the latter came up with the following opinions on several of the sections:

The TPUD will pledge all revenues to federal government.

TPUD will levy additional taxes if necessary.

TPUD will in effect allow federal

Manager Of Squaw Valley Inn Expires

Funeral services were held at the United Church of Christ in Squaw Valley Monday at 11 a. m. for George Smith Robertson, 68, manager of Squaw Valley Inn for the past two and a half years, who expired at his home September 10. Rev. Frank Evans officiated at the rites and the Truckee Colonial Mortuary was in charge of arrangements. Cremation followed the services.

Robertson was a native of Scotland, born September 21, 1895. He was a veteran of the Canadian army, having fought in World War I.

He is survived by his wife, Pearl of Squaw Valley.

Six Are Injured In Four Mishaps Here

Six people were injured, none seriously, as a result of four motor vehicle accidents reported by the California Highway Patrol during the past week.

Samuel C. Pepples, 66, Salt Lake City, was hospitalized Monday at 10:30 a. m. after his car knocked down two reflector markers and plunged over the grade near the observation point on Donner grade. He was cited for not having his vehicle under control.

Mrs. Muriel A. Allen, 26, and her children, Ted, 3, and Wendy,

CHUCK BAKER TAKES OVER SHELL STATION

Chuck Baker, for the past seven years manager of the Donner Lake Chevron Station at the west end of Donner Lake, announced this week that he has taken over the management of the Shell Station at Commercial Row and Spring Streets in downtown Truckee.

The station was recently operated by Mr. and Mrs. Stanley Jessen, who are disposing of their local interests. Nick Comola several weeks ago took over the Shell distributorship formerly held by the Jessens.

Baker is well known in this area and is past president of the Truckee Lions Club. He announced that aside from complete automotive service, minor repairs will be made. Baker will continue to operate the Chevron station temporarily.

Son Is Born

Mr. and Mrs. Fred Haswell of Truckee welcomed their second son, who arrived September 10 at Reno. The infant was named Russell Aaron for two great grandfathers and weighed in at five pounds, 13 ounces.

His maternal grandmother, Mrs. Elden Tonini observed her birth date September 12.

To City—

The Bogimir Pfeifer address has changed from Truckee to San Francisco.

Man Shoots Wife, Self In Argument At Truckee Hotel

As a result of what officers described as an attempted murder and suicide, Casper Simon, 52, and his wife, May, 47, are in the Nevada County Hospital at Nevada City undergoing treatment and surgery for gunshot wounds.

Sergeant Roy Waters of the sheriff's department said Simon went to the rooming house on West River street where Mrs. Simon was employed as manager in an apparent attempt at reconcilliation following a family dispute several weeks ago when Simon was arrested for assault.

Deputies Robert Schooley and Preston Patnoude who were called by passersby to investigate the disturbance in the rooming house, said Mrs. Simon was shot three times about the chest and shoulders with a .38 calibre revolver. Simon, the officers reported, went into another room and turned the gun on himself, inflicting a head wound.

Both were taken to the Tahoe Forest Hospital about 10 p. m. last Thursday night when the shooting occurred and following emergency treatment were taken to the county hospital. At the time of their transfer, attending physicians said their conditions were fair.

Simon was sentenced to the county jail several weeks ago by Judge F. W. Wilson on the assault charge and was later released and returned to Truckee.

Latest word from the hospital was that Simon was still in a critical condition and may not recover.

Fun Golf Tourney Planned By Rotary

TAHOE VISTA—The fifth annual North Tahoe Rotary Club's "Fun Golf Tournament" will be held at the Brockway Golf Course on Sunday, October 4, Bill Bates, chairman of the event, announced.

There will be fun for both golfers and non-golfers, Bates said, with a $15 entry fee covering a de luxe dinner, cocktails, trophies, awards, green fees and a "water hole" on the course. There willl be trophies for everyone entering, including the longest and shortest tee shot, the best dressed golfer and special awards for women.

Assisting Bates on the committee are Pete Bennett, Jack Scott and Wiley Jones.

Non-playing ladies and extra guests will be assessed $5 which includes the dinner and cocktail hour, Bates said.

JUNIOR HORSEMEN ON TRAIL MARKING TRIP

Twenty-eight Junior Horsemen and chaperons spent last weekend along Alder Creek putting up new signs on the old Donner Trail. A weiner roast and overnight campout was held at one of the camp sites on Alder Creek, ending up Sunday at the picnic grounds near Prosser Lake at the original location of the George Donner camp.

The Junior Horsemen, comprising children from 5 to 20 years of age, have been painting the signs and getting them ready for installation during the summer.

This was only one of the trips planned with intention to replace all of the Donner Trail signs. Lee Hall is in charge of the project. His assistants during the weekend were Mr. and Mrs. Arthur Cook, Mr. and Mrs. Jack Boren, Mrs. Robert Denney and Mrs. Ray Wiser.

AUXILIARY TO HOLD MEETING AT DONNER

The Donner Lake Fire Department Auxiliary will hold its first fall dinner meeting this evening, September 17th, at Donner Lake Lodge at 7:30. Hostesses for the evening are Ozella Slate and Dorothy Slack, with President Charlotte Harris presiding at the meeting to be held after the dinner.

All members are urged to attend this meeting, when plans for several important events will be discussed, and reports made on all summer activities of the auxiliary.

Mr. and Mrs. K. Palmquist of Oakland have been sojourning at Donner Lake.

Fire Hazard High As Hunters Warned As Season Opens

High fire hazards and dry conditions exist in practically all the late deer season areas, the department of fish and game reminded hunters this week.

Hunters should be extremely cautious with fire, the department said, and should obtain a campfire permit before building a fire in any national forest. These permits are available from any U. S. Forest Service station.

Large Gain Shown In Enrollment As Schools Are Open

Schools in the Tahoe Truckee Unified District opened last week with an enrollment of over nine per cent above last year's opening, Superintendent John S. Corbin announced.

All of the five schools showed an increase with the exception of Donner Trail where a slight decline was noted.

This year's total enrollment was 1812 compared with 1660 on the opening last year. Since the opening of classes last week, each school has shown an increase in attendance, the report indicates, a total of 57 students having enrolled since September 8.

The largest gain was shown at the high school where there are now 480 enrolled, compared with 422 last year.

Kings Beach elementary is up from 312 last year to 351 at the present time.

Tahoe Lake has jumped from 438 in 1963 to 488.

Truckee elementary went from 441 to 459.

Donner Trail dropped from 47 last year to 36 currently.

Continued increase in all schools is expected, although a decline may may be reflected when construction work in the region is ended for the season.

Hospital Expansion Is Given Approval

The board of trustees of the Tahoe Forest District Hospital has approved the architect's design for placing a new dietary department in the ground level portion of the hospital's current expansion program. The expansion program is to be financed by a bond approved by the hospital district's voters early this year.

Moving the dietary department to the ground level permits expansion of the kitchen preparation area and storage requirements consistent with the master plan for an orderly growth of the hospital to an ultimate 45 bed size to 85 beds in the future.

Food distribution will be provided by a system of carts circulating

(Continued on Page 8)

LIONS CLUB WHITE CANE DAY TOMORROW

The Truckee Lions Club will sponsor the annual White Cane Day Friday, it was announced this week by Secretary Roy Waters.

The Lions will place coin containers in many of the local stores where contributions may be made. They will also sell the small white canes on the street Friday.

Friday afternoon, a street concert, featuring accordion selections by Mrs. Karl Kielhofer and violin solos by Mrs. Ben King, will be held.

Purpose of the drive is to raise funds for the blind and sight saving project sponsored by the Lions Clubs. Lauren Russell, club president, is general chairman.

BUILDING PERMITS

Jack Bergman, Nevada County building inspector reported that valuation of building in the Truckee area for August amounted to $187,844.00. Permit fees were $1,452.25 for the same period.

Home From Canada—

Mr. and Mrs. Frank Giovannoni have returned home from a vacation trip into Canad, having visited many points of interest in the neigh boring country and Pacific Northwest.

Tahoe Authority Is Urged To Bring Orderly Condition

BROCKWAY—A proposal that a bistate, basin-wide authority, with strong powers was made last week at a legislative meeting held here as the only sure way to save Lake Tahoe from becoming an uncontrolled urban sprawl.

A team of California legislators, under the chairmanship of Assemblyman Edwin L. Z'berg of Sacramento, spent two days going over the many phases of the perplexing problems confronting the Lake Tahoe basin. The sub-committee is from the natural resources, planning and public works committee of the assembly.

It was suggested that an authority made up of representatives from the five California and Nevade counties be established to recommend controls to the state legislature. Supervisor William Briner of Tahoe City predicted a regional master plan to solve the complicated growth problems would probably be adopted by supervisors of the five counties this year.

One of the principal issues discussed was the proposed routing of State Route 89 at Emerald Bay. It was generally agreed that an architecturally esthetic bridge at that point is the most desirable solution to the road problem. It was also agreed that a scenic highway should be built on the west side of the lake instead of a four-lane freeway in order to preserve the beauty of the lake and still provide for the needs of the motorists.

State Highway Engineer Robert B. Bradford said he intends to call a new hearing on the west side route.

A check of the membership of the five county planning commission reveals that only five of the 39 planning commissioners reside at Lake Tahoe.

Field Service Group Plans First Meet

The Tahoe Truckee Chapter of the American Field Service will meet on Thursday, September 24 at 8 p. m. in the high school.

This is the organization that sponsors students from foreign countries for one year of education in the United States. The chapter sponsored Claus Brandlin, high school senior from West Germany two years ago.

All individuals and representatives of local organizations who are interested in continuing the program in this area are urged to attend this first meeting. If sufficient interest is indicated by the attendance, plans will be made for obtaining a sponsoring family for another foreign students for 1965-66. Application blanks may be obtained by interested families at this meeting. Brandlin stayed at the home of Mrs. and Mrs. D. L. McGihon two years ago.

Mrs. Kate Miles is president of the local chapter with Rex Anderson of Soda Springs, vice president, Mrs. Mary K. Holden, secretary and Mrs. Mary Ann Evans, students councilor.

ANCIENT THEFT MAY BE SOLVED IN CHICO

Possibility that a theft which occurred more than two years ago at Donner Lake may be near solution was seen in a report from the Chico police department to Sergeant Roy Waters of the sheriff's department in Truckee.

The report said that items stolen from the Francis Carlisle home April 1, 1962, had been found in a hock shop in Chico and police are seeking the man who disposed of the loot.

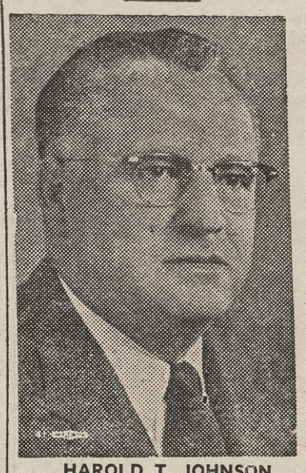
A large number of items, including guns, clothing and other things were taken in the local burglary, Waters said.

BEAR SEASON OPENS IN AREA SATURDAY

Bear season will open Saturday and run through January 3, statewide, the California Department of Fish and Game announced this week. The bag and possession limit is two bear per season.

To take bear, hunters must have a valid 1964 hunting license and bear tags.

Bizz Johnson Opens Bid For Re-election



HAROLD T. JOHNSON

WASHINGTON, D. C. Congressman Harold T. (Bizz) Johnson who has represented the Second, mountain-valley counties, district for the past six years, this week formally opened his re-election campaign.

The veteran Roseville legislator said he would stand on his record of service to the people of the second district and his broad experience in local, state and federal government.

"Because I will be here in Washington until the final adjournment of the 88th congress," Representative Johnson said, "the early stages of my campaign must be carried on by my many friends who have volunteered to work for my bid for a fourth term as a member of the house of representatives."

Congressman Johnson stressed that his first obligation was to complete the job to which the people of the second district elected him—representing them in the 88th congress. He would remain in Washington until the job was finished.

"As soon as the congress adjourns, however, I will return to California to wage an active campaign, visiting each of the 19 counties which make up the second district," Representative Johnson said. "I feel that in the six years that I have been a member of congress, we have built a solid record of achievement, especially in the field of natural resource development and utilization."

Wolverines To Play Loyalton Saturday

The Tahoe Truckee Wolverines will go into competitive action for the first time this year when they meet the Loyalton squad at Loyalton Saturday.

The Junior Varsity game is scheduled for noon with the Varsity at 2 p.m.

Following the Loyalton contest, the Wolverines will be idle until October 3 when they travel to Colfax for two games.

The first home game will be on October 17 when Wheatland will come to Truckee.

The starting line up Saturday, with many good replacements, will be as follows: Ed Hoff, right end; Jack Dunaway, right tackle; Tom Ruhkala, right guard; Art Waddell, center; Don Green, left guard; Roger Spitsen, left tackle; Larry Detzler, left end; Dennis Douglas, quarter; Steve Davis, full; Greg Moore and Chuck Spillner, halfbacks.

WYETHIA SILVER TEA SET SEPTEMBER 21

The Wyethia Women's Club will hold the annual silver tea Friday, September 18, between the hours of one and three o'clock at the home of Mrs. William Davis of Donner Lake, the club's president.

Mrs. William Englehart and Mrs. Robert Bick will pour and preside at the tea table.

SKY MILES RESIGNS AS REGISTRAR HERE

Sky Miles, operator of the Cottage Pines motel at Donner Lake, this week announced that he has resigned as registrar of boats in this area. He said that his own business was taking too much of his time for him to devote additional time to the duties of registrar. Boat owners may now contact the state division of small crafts and harbors at Sacramento, he said.

Deer Season Will Open In This Area On September 19

Prospects for the 1964 late deer season are for better hunting than last year in most of the late season areas, the California Department of Fish and Game reported this week.

The season gets under way Saturday and will run through November 8 in all areas except District 1¾, where it opens Monday and runs through October 13 in most of the district.

In this district, the bag limit is one buck, forked horn or better. Hunters are urged to consult the 1964 hunting regulations booklet for details on seasons, areas and bag limits.

Shooting hours are from one-half hour before sunrise to a half hour after sunset.

Numerous construction projects are in progress throughout Nevada, Sierra and Placer counties and hunt should be careful in this region.

The department said most antlers will be hard when the season opens and deer are in good condition and are spread widely over the summer range. They are expected to be very scattered and at higher limits of the range in the early part of the season. Most land within the Tahoe National Forest is open to the public and roads are in fair condition but many will require four wheel drive vehicles.

The public should be aware of the French Meadows refuge boundaries and the large block of land closed to the public in the Ice Lakes-Cedars area.

The woods are especially dry and everyone entering the area must be extremely careful with fires. Violators will be severely dealt with, officials promised.

Lieutenant Governor Uses Local Airport

Lieutenant Governor Glen Anderson was among the many persons who utilized the Truckee-Tahoe Airport this past week.

He complimented the community on the fine facility, particularly the nice terminal building. He remarked that he had often used the old strip over on Highway 40, and also this one when the operations were conducted from the trailer. He mentioned that he was watching the progress of the airport with great interest.

The lieutenant governor and his family were met last Thursday by Pilot H. H. Woodward, an official of the California Aeronautics Commission, who flew him to Sacramento, returning him later in the same day.

The lieutenant Governor and his family are vacationing in the area.

Rotary Completes Public Barbecue

A barbecue pit built by the Truckee Rotary Club in cooperation with the forest service for public use at Prosser Reservoir on the Tahoe National Forest was dedicated Friday night.

Built of native stone with a fire brick lined fire pit, the barbecue was constructed by Rotarians Lyle (Red) Hubbard and Barak Wright. They contributed 60 hours of their own time to build the barbecue, which can serve between 100 and 200 persons.

Hubbard explained the idea of building the pit was conceived a

(Continued on Page 8)

ROAD EQUIPMENT IS STOLEN ON FREEWAY

Truckee sheriff's deputies are attempting to locate the thief or thieves who last week stole heavy equipment from contractors on the new freeway over Donner Summit valued at $3,300.

Sergeant Roy Waters said the Concrete Sawing Equipment Company of El Monte reported the theft of a concrete saw, valued at $1300. Lester R. Perry reported the loss of a compressor and jack hammer the same night valued at $2,000.

Both pieces of equipment had been left beside the highway at night and were gone the next morning.

Daughter Arrives

Mr. and Mrs. Floyd Cooper of Truckee had a special welcome for their daughter, born September 14 in Tahoe Forest Hospital.

The new parents chose the names of Kimberlee Ann, her first weight was six pounds five ounces.

LAKE LEVEL

TAHOE CITY—The level of Lake Tahoe, reported Tuesday by Daryl DeWalt at Tahoe City was 6225.65. High temperature for the week was slightly cooler at 67 degrees, 35 degrees was the low on Tuesday.

A variety of items from furniture and appliances to fishing rods and clothing will be on sale. Coffee and donuts will be served and the public is invited to drop in and scan the merchandise.

At Nevada Lodge

Mitzi McCall and Charlie Brill

BOTTOMS UP IS BIG HIT AT TOPAZ ROOM

Merrily romping its hilarious way across the stage of the Topaz Room at North Lake Tahoe's Nevada Lodge is the surprise hit musical comedy revue . . . . Botoms Up.

The frantic and funny fantasy of skits, blackouts and gorgeous showgals opened last Thursday at the fun center of North Lake Tahoe, Nevada Lodge, but already the word is spreading that "here is a musical revue that hits the mark for laughs" . . . . "a real fun-fest."

The swiftly-paced, intimate 45-minute revue of animated sketches, superb blackouts and saucy songs stars the comedy team of Mitzi-McCall and Charlie Brill, a zany duo that competes with co-producer comedian Breck Wall and the hilarious Bill Fanning for laughs.

"Wall's champagne flight skit is just one of the more notable sketches included in the revue and appears to be a show-stopper.

This is the 17th hit revue produced by the Breck Wall and Joe Peterson combination. The first of the duo's revues to hit Lake Tahoe, advance showings indicate the sparkling Bottoms Up revue will probably be a "must see" in the Nevada Lodge's Topaz Room.

Also joining in the on-stage Bottoms Up fun fest are beauteous Jan Sutton, Betty Bunch and Joyce Grayson. Other members of the talented showteam are Questa Donnelly, Jill Jenkins and John Ritsko. The orchestra for Bottoms Up is under the direction of Jimmy Campbell.

Show times are 8:30 p. m. and 11:30 p. m. Tuesday through Sunday with a late, late show at 1 a. m. on Friday and Saturday nights.

Alternating on the Topaz Room stage are the Celebrities, a versatile vocal and instrumental quintet that is currently regarded as one of the top entertainment groups in the West today. Led by Larry Stewart, famous for his rendition of "Mr. Peepers", the group will offer their smooth vocal and instrumental doings on the same showbill with Bottoms Up from September 17 through October 4.

DIVOT DIGGERS

By Georgiana King
(Ponderosa Country Club)

Hi ya divot diggers—Within the last five days there have been three tournaments—Friday the women of Hidden Valley and Washoe golf courses came to Ponderosa and played with the Truckee women golfers. The Reno women won the low grosses and low nets with the exception of one Truckeeite, Mrs. Ethel Osborn, good shooting Eth. We had a steak barbecue after the tournament and boy was it good. Sure hope that we can make this an annual affair with them.

* * *

Sunday Grass Valley Country Club members came here as our guests. It turned out to be quite a tournament with a lot of golfers participating in it. The Ponderosa men golfers beat the Grass Valley men and the Grass Valley women beat the Ponderosa women golfers.

A delicious steak barbecue was enjoyed by all.

This past Tuesday seven of us women golfers went to the Tahoe City Women's Golf tournament at the Tahoe City Golf course. First low gross with a 79 was won by Lois Haynes of Reno; 2nd low gross with a 25 was won by Renee Topal of Tahoe City. Each one of these girls won a trophy. Irene Welch of Reno won a trophy for 1st low net with a 67. Hazel Stewart and Norma Russell (our girls) tied for 2nd low net with a 67. Liz Carroll won three balls with a low net of 70 and I won 2 balls with a low net of 72.

Celebrating birthdays this month were Linda Lewis of the Highlands and Jean Pierre Legras of Tahoe Park. Linda's natal date is September 15th while Jean Pierre celebrated on September 13th.

NORTH TAHOE BRIEFS...

. . . By BETHEL
Telephone Liberty 6-3842

The Firemen's Ball at the North Shore Club Saturday night proved to be a fun affair and a social and financial success. Adding to the glamor of the evening were the red balloon decorations which the decorating committee may take due credit. Members of the decorating committee were Ginny Parsons, Jean Grady, Isabelle Kissinger, Jacquie Black, Alice Proctor, Diane Eschevarrieta, Paula Gurney, Donna Killian, Ruth Berrum, Jane March and Hildegard Willimann.

Dr. Marvin I. Schwartz

For fashion conscious women, long dresses were very much in evidence and elegant.

Hildegard Willmann of Crystal Bay should receive a special award —she sold 130 tickets before the ball. A record! Attendance was 328 persons. Ted Berrum was general chairman of this second annual event.

The Fire Sirens sold $48 worth of decorations—murals were done by Marie Headley of Reno.

A pulmotor will be purchased by the North Lake Tahoe Fire Protection District with proceeds from the ball. This extra equipment is not included in the budget and Chief Kissinger and the district are doubly appreciative for the efforts of the volunteers and Fire Sirens in their behalf.

* * *

The Leslie Wilsons of Berkeley were weekend guests of Hildegard Willmann at her Crystal Bay home.

* * *

George Phillips and Mac Moulton were up to Sandy Beach, Tahoe Vista, for a couple of days last week from Reno. George is looking fine after his recent hospitalization and enjoyed seeing old friends.

* * *

Mr. and Mrs. Charles Elliott of Los Angeles are visiting their son and his wife, Bill and Helen Elliott, at Tahoe Vista, and grandson and family, Bob and Caroline Elliott and children, Cindy and Bobbie, of Agate Bay.

* * *

Newest addition to Incline Village is the Tahoe Racquet Club, Peter Paxton, president. Six new tennis courts have a completion date of October 15th. This is much needed in the area as there are no courts available to players—the only court to welcome tennis enthusiasts is at Tahoe Tavern.

* * *

North Tahoe Republican Women's Club which met last Wednesday had an additional speaker—Helen Hollenbeck, first vice-president of the Northern Division of Republican Women. Four new Tahoe City members of the group were introduced by president Fritzi Briner—Betsy Packard, Betty Long, Marian Moyer and Betty Layton.

A rally is being planned by the group and they are working with Placer County Central Committee representative, Jack Packard. Jack is also asssisting in the tentative plans of the operation of a Tahoe City headquarters for the coming election. Volunteers and the staffing of the office is the immediate undertaking.

Attending the conference in Sacramento at the El Dorado of the Northern Division Republican Women were Fritzi Briner, Patti Fink, Pat Streepey, Liz Legras and Peggy Lewis. The charter of the North Lake Tahoe Republican Women was presented at luncheon to President Fritzi Briner.

* * *

Incidentally, son, Pieter Van Tassel, has become a real punster. At a Reno luncheon he requested "Goldwater Pie" which he was told was not on the menu. However, he was served when he informed the waitress that it was a renamed pie —"berry".

* * *

A recent guest at Crystal Shores was Mitch Miller who appeared at the Sparks Nugget. Prior to his visit, Bolger was a guest.

* * *

Happy birthday to Steve Stephenson of Kings Beach who celebrated his daughter on September 7th and to his daughter, Judy Johnson, who observed her birthdate, September 4th and to Ted Kolsky who celebrates on September 12.

The happy group along with Steve's wife, Mickey, attended the Mitch Miller show at the Spark Nugget.

* * *

Ralph Yopp of Kings Beach has announced his association with Birr, Wilson and Co. of Reno. Ralph was employed at the North Shore Club this past summer and completed his studies at the University of Nevada last spring. He lives at Kings Beach with his wife, the former Janet Jordan, and children, Lori and J. C.

* * *

Florence Murphy of Crystal Bay and Palm Springs is recuperating from eye surgery which was performed in Los Angeles. Speedy recovery Florence.

* * *

Jesse and Margaret Oelrich of Los Angeles have been visiting their son and daughter in law the past several weeks at Kings Beach, Kenny and Joan Oerlich.

* * *

Kenny and Joan Oelrich of Kings Beach and their children, Wayne and Ray, have enjoyed a three-weeks visit from Joan's mother, Catherine Masone of New York City.

* * *

Ceremonies on Saturday, September 12th, dedicated the "Ghost Town of Bodie" as a National Historic site and State Hospital Landmark. Invitations were received from the Director Parks and Recreation at Bridgeport, Calif., County of Mono. Superior Court Judge Walter R. Evans of Bridgeport was the dedication speaker.

Interesting sidelight is the fact that Mrs. Evans' family at one time

TAHOE TRUCKEE SCHOOL NEWS

TAHOE LAKE SCHOOL

FIRST GRADE — Miss Bean: There are 30 students in the morning first grade at Tahoe Lake School. The first two "excellents" on papers were done by Leslie Garnett and Kenny Williams. All our class finished the first two stories in the first pre-primer by the third day of school.

FIRST GRADE—Mrs. Kelly: We have a class of twenty-nine children. Two children in our class have not attended Tahoe Lake before. They are Kathleen Gilbert and Ronald Quidley. We are happy to have them join us.

Our helpers for the next two weeks are: Boards, Lea Keechler and Paul Baker; messenger, David Butterfield; housekeeper, Elizabeth Rogers, Craig Poulsen; librarian, Patti Long; paper, John Shaver and Brad Dutton.

SECOND GRADE—Mrs. Read: Helpers for the afternoon second grade this week are Judy Jankovsky, president. Karen Duttweiler, Timmy Tilton and Chris Gilbert, paper monitors.

THIRD GRADE—Mrs. Long: The first officers for the new year were elected this week. They are: President, Peter Johnson; Vice-President, Linda Lewis; team captains are Christine Onorato and Martin Novak; hostess is Linda Menges and host is Guy Tomlinson.

New children to our school in our class are Linda Mae Siegel, Henry Barwin and Kurt Boyer.

FOURTH AND FIFTH COMBINATION CLASS—Mrs. Diurni: Monitors selected for the first two week period are: P. E. Monitor, Mike Davis; attendance monitor, Nancy Kelley; paper monitor, Lisa Vanni; flag leader, Susan Gehlert; line monitor, Scott Jorgensen; door and light monitor, Gary Modlin; chalkboard monitor, Larry Norvall.

SIXTH GRADE—Mr. Strong: The first week of school was used primarily as an introduction period. We discussed textbooks to be used and work we would hope to complete during the year. In social studies we will be studying Latin America. New textbooks are being used and this week was spent in exploring these books. In math we are starting with a review of work covered last year. The purpose of this is to see where we should start for this coming school year.

SEVENTH GRADE—Mr. Brower: Mr. Brower was overwhelmed with perfect spelling papers from these students: Peggy Hoff, Marlene Berg, Lynn Martin, Doug Lindsey, Cathy Menges, Carol Lindstrom, Jack Jones, Kristin Attardi, Marvin Banta, Mark Clauser, Marlene Kimball, Sally Starratt, Linda Buschke, Mary Hauserman, Nikki Ballenger, Nancy Warner, Virginia Wightman, John Scovill, Lynn Duttweiler, Chuck Bacon and Roger Anderson.

SEVENTH GRADE—Mrs. Goodhue: We are happy to welcome three new members of our class. They are: Kathleen Lasky, Charles Martin and Tom Davis.

EIGHTH GRADE—Mr. Gallagher: The class of 1965 at Tahoe Lake has now started on that long hard road leading towards the June graduation. They quickly discovered that much emphasis will be placed on home study and a greater educational responsibility. Many old habits must either be replaced or developed. Mr. Smith, the principal talked to the class about setting a good example for the rest of the school and the community.

Those new to the community and school are: Marta Allen, Barb Chaney, Sally Monroe, John Pundt, Helen Tozier and Tam Wallis.

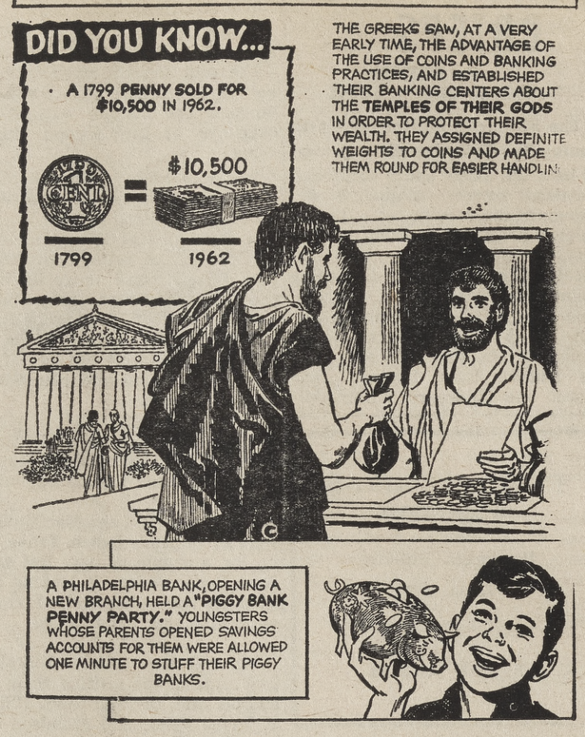
KINGS BEACH SCHOOL

4TH GRADE — Mrs. Wing: We have forty-one fourth graders in our class. There are twenty-three girls and eighteen boys.

In social studies, we are beginning the unit "Learning About Maps."

Thursday, the following boys and girls read their current events to the class: Suzanne Thompson, Mike Maxhimer, Debbie Sipes, Russell Potts, Debbie Reynolds, Dorothy MsDonald, Juan Marrero, Brenda McKennon, Chuck McDown, Marla Liddle, Jeff Molsberry, Jack Van Loan, Blythe Cheeseman, Michael Allsup and Lisa Faulkner.

BANK NOTES ..... by Malcolm



DID YOU KNOW...
A 1799 PENNY SOLD FOR $10,500 IN 1962.
$10,500
1799
1962
THE GREEKS SAW, AT A VERY EARLY TIME, THE ADVANTAGE OF THE USE OF COINS AND BANKING PRACTICES, AND ESTABLISHED THEIR BANKING CENTERS ABOUT THE TEMPLES OF THEIR GODS IN ORDER TO PROTECT THEIR WEALTH. THEY ASSIGNED DEFINITE WEIGHTS TO COINS AND MADE THEM ROUND FOR EASIER HANDLIN
A PHILADELPHIA BANK, OPENING A NEW BRANCH, HELD A "PIGGY BANK PENNY PARTY." YOUNGSTERS WHOSE PARENTS OPENED SAVINGS ACCOUNTS FOR THEM WERE ALLOWED ONE MINUTE TO STUFF THEIR PIGGY BANKS.

ISSUED LICENSE

A Nevada wedding license was issued to David Britton, 23 of Carnelian Bay and Karen Critchley, 18 of Tahoe Vista and to James C. Brown, 23, Reno and Patricia Welch, 22 of Tahoe City.

BACK ON PATROL

State Patrolman Lyn Bequette, who for the past several weeks has been working with the sheriff's department in Truckee will return to his position with the state patrol next week.

RACQUET CLUB BEING FORMED AT INCLINE

INCLINE VILLAGE — Construction was started today on the Tahoe Racquet Club in Incline Village. According to Peter Paxton, developer of the club and a well known Beverly Hills sportsman, the six tennis courts now under construction will be ready for play by October 15th of this year.

The Tahoe Racquet Club, Lake Tahoe's first tennis club, will be a private club and plans for the development include a gymnasium, swimming pool, men's and women's sauna baths, and a gourmet restaurant.

"Construction of the clubhouse, which is designed for family participation in the recreation provided, will be started upon completion of the courts and will be ready for use in the spring of 1965", Paxton stated.

Resident and non-resident memberships will be offered at the club, and Paxton added that he had not finalized any membership plans but that he hoped to announce a schedule of fees when the tennis courts are finished this fall.

The tennis club is located on Tahoe Boulevard in Incline Village, across from the sixth fairway of the Incline Village golf course.

Midway Island was placed under the navy's jurisdiction by President Theodore Roosevelt in 1903.

(LEGAL NOTICE)

NOTICE OF SALE

Notice is hereby given that the Governing Board of the Tahoe Truckee Unified School District, Placer and Nevada Counties, State of California, will receive at the office of the Superintendent of Schools, Administration Building (old Truckee Elementary School), Truckee, California, up to but not later than 5:00 P. M., Monday, October 5, 1964, sealed bids for the sale of one (1) used wooden building, size 14'2" x 40'2", formerly used as a bus garage at the Kings Beach Elementary School, and now located on the school grounds of the Kings Beach Elementary School.

Bids shall be opened and publicly read aloud at the above stated time and place.

Successful bidder has ten (10) days in which to remove the building off the school premises.

Bids must be accompanied by a certificated check or cashier's check in the amount of one hundred (100%) per cent of the bid.

The owner reserves the right to reject any and all bids, in part or in total, and/or waive any irregularities or informalities in the bidding.

Dated this 15th day of September, 1964.

JOHN S. CORBIN,
Superintendent and Secretary of the Governing Board of the Tahoe Truckee Unified School District.

DONNER DOINGS

By VI WHITE
Phone 587-3866

Such beautiful weather, nice warm days and cool nights. The water is still quite warm for swimming but the level is dropping fast, noticed that most of the big boats have been taken out, leaving only the smaller fishing ones for the good trolling season coming up.

* * *

Attended the dedication of the ghost town of Bodie last Saturday. It is now a State Historic Park, a National Historic Site and a State Historical Landmark.

It's a long trip down there, but a beautiful one and is reached by a graded 13 mile road off of Hiway 395 below Bridgeport.

Many cars stirred up dust driving in and we were surprised to be greeted at the gate by "You came all the way from Truckee"? The ranger happened to be stationed at Donner Memorial Park and recognized a familiar group of letters on our license plates. Park personnel from all parts of the state had come to help with the crowd.

Met our friends Clamper Dick Holman of Sonora and his wife Ellie who had spent most of her childhood in Bodie. She showed us the old schoolhouse, the house her family lived in, the grove of aspen trees the kids loved to go to (Bodie is situated in desolute sage brush country but rich in gold), the tiny play house and even some of the dishes and utensils, a make shift sled and her relatives graves on "boot hill."

Fire destroyed most of the town, but enough buildings remain to make the area interesting. The original plank sidewalks are still there, and the old spring dance floor in the museum looks like it could still stand the wear of dancing feet.

* * *

Arnold Teza of San Carlos has had poor luck fishing all summer, but made up for the disappointments last week when he caught at 17½ inch Rainbow trout with the first cast he made in the Truckee river near Hirschdale. He and his family said it was delicious too.

* * *

The Donner Lake Volunteer Fire Department Ladies Auxiliary will be meeting tonight at Donner Lake Lodge with Charlotte Harris presiding. Hostesses are Dorothy Slack and Ozella Slate and they hope as many members and friends as possible can come. Discussed will be the success of the House Tour, the hot dog booth at the Donner Lake Water Ski Club Slalom Meet and the fund drive coming up.

The all-time high in gold production in California was 1852 when 3,932,631 ounces were produced, mostly from surface placers.

JOIN CHAMBER OF COMMERCE

TRACK STARS SET RECORD AT TAHOE

TAHOE CITY—Four members of the Sierra Nevada Track Club Monday covered the 71.7 miles around Lake Tahoe in 7:22.10 hours, breaking the mark set by a San Jose College team in 1959 when the distance was traveled in 8:47.5 hours.

The four are Skip Houk and Bud Forman, former University of Nevada track stars, Ron Eller, a Monogue high school student and Stan Hayes, a junior high school teacher.

They averaged about six miles an hour in the trip and appeared in top shape at the conclusion of the race.

(LEGAL NOTICE)

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

To Whom It May Concern:

Subject to issuance of the license applied for, notice is hereby given that the undersigned proposes to sell alcoholic beverages at the premises, described as follows:

Highway 89
Homewood, Lake Tahoe,
Placer County

Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance on original application of an alcoholic beverage license for these premises as follows:

On-Sale Beer

Anyone desiring to protest the issuance of such license(s) may file a veriifed protest with any office of the Department of Alcoholic Beverage Control, within 30 days of the posting of this notice, stating grounds for denial as provided by law. The premises are now licensed for the sale of alcoholic beverages. The form of verification may be obtained from any office of the Department.

ALRICH, Helen T.

TRUCKEE PUBLIC UTILITY DISTRICT NOTICE TO BIDDERS

Sealed bids will be received at the office of the Truckee Public Utility District, Commercial Row, Truckee, California, until 8:00 o'clock P.M. September 22nd, 1964 at which time they will be publicly opened and read in the Directors assembly room of said office for the installation of an 8" & 6" steel water mains in accordance with the Truckee P.U.D. Standard Specifications.

Speaking of old home towns, Margaret Ewert of Linda, and daughter, Clara Mae, of San Rafael were visitors to Tahoe Vista and Bethel Van Tassel over the weekend. They also visited the Milo Briggs at Kings Beach. All are former residents of Hammonton.

* * *

Robert and Joyce Kellog Tracy and Tahoe Vista celebrated 27th wedding anniversary on September 10th.

* * *

John J. and Noreen Crom of Incline Village entertained his parents, the John M. Crom Srs. of Daytona Beach, Fla., recently. Other guests of the Croms were Mr. and Mrs. Earl Cooley of Garden City, Mr. and Mrs. Pierre Pelieter and children of Bromall, Penn., and Mrs. Pelieter's sister, Mary Ann Loughran of Philadelphia. The Pelieters had a most interesting trip to California having camped on the way out and were going to camp on the way home.

Madeline Shannon of Riverdale, N. Y., also enjoying a week's vacation at the Crom home.

DEATH AT TAHOE IS DECLARED SUICIDE

KINGS BEACH—The coroner's office reported James Calvin Hughes, 31, of Crystal Bay, Nev., apparently took his own life by asphyxiation in his car near here.

Deputy Coroner Micky Daniels said Hughes' body was found Saturday night parked about 100 yards from the Nevada state line. He said a garden hose had been pushed into the exhaust pipe of the car and the other end placed through a window of the vehicle. Daniels said no notes were found.

Captain Robert Moustris of the Placer County sheriff's office said Hughes' wife, from whom she had been estranged for more than a month, had been to see her earlier in the evening in a futile attempt to effect a reconciliation.

Mrs. Hughes said her husband, who was a dealer in a south Lake Tahoe casino, appeared to have been drinking. She said he told her he recently suffered heavy gambling losses and needed money.

(LEGAL NOTICE)

TRUCKEE PUBLIC UTILITY DISTRICT

NOTICE TO BIDDERS

Sealed bids will be received at the office of the Truckee Public Utility District, Commercial Row, Truckee, California, until 7:30 o'clock P. M. September 22nd, 1964 at which time they will be publicly opened and read in the Directors assembly room of said office for the installation of an 8" steel water main in accordance with the following specifications:

SPECIFICATIONS FOR INSTALLATION OF AN 8" PIPE LINE

I SITE OF WORK

Starting at a point of intersection of Spring Street and Main Street where 10" pipe line meets the 4" Standard in an Easterly direction to the point of intersection of Bridge Street and Church Street, as shown in red on drawings.

II SCOPE OF WORK

The work is for complete installation of an 8" pipe line on the South Side of the existing 4" and 6" pipe lines in the alley.

All service attachments to new pipe line shall be installed by Truckee P. U. D. personnel.

The work to be supplied by Contractors:

1. Excavation and installation of an 8" pipe line 900 ft., 4" line approx. 50 ft. and 4 tees with 6" valves at each tee.
2. Welding joints and tees to fire hydrant, laterals.
3. Connection of 8" pipe line to existing 10" valve.
4. Connection of 8" pipe line to existing 4" pipe at Bridge Street.
5. Pumping any water that may be found in trench.
6. Keep roadways clear.
7. Re-connection of existing fire hydrants.
8. Water tests.

III The following material shall be supplied by Truckee P. U. D.

-. 1 8" steel pipe of 10 gauge, 4" steel pipe—(12 ga.)

2. Flexible couplings, welded tees, and elbows
3. Valves
4. All fittings

Material Supplied by Contractor:

1. Welding rods—Select fill material—where neeeded
2. All tools and equipment necessary to complete excavation, installation, backfill, pumping.

IV EXCAVATION

The contractor shall do all excavation for all pipe lines as required for the installation of the lines to the grades as shown on the drawings or herein specified. Depth of trench shall be as required to give 36 inches minimum cover over the top of the pipe, to the finished grade. All excavation is to be done by hand, except road surface which may be broken by power equipment.

The trench bottom shall be cut accurately to grade so as to provide firm bearing for the pipe with a minimum footing of 4" of sand or rock free dirt beneath pipe or the Contractor may cut the trench below grade as hereinafter specified for rock excavation and the trench backfilled to grade with sand.

The rock excavation, the trench shall be cut below grade a distance equal to ¼ the diameter of the pipe, but in no case less than 8 inches, and the trench backfilled to grade with sand.

The contractor shall furnish and install all lagging and bracing necessary to prevent caving of the trench sides. The Contractor shall remove any water that may be found or accumulates in the trenches, and shall do all work required to keep them clear of water while pipe is being installed and until final tests are completed, as hereinafter specified.

All excavated material shall be piled in a manner that will not endanger the work and will avoid obstructing roadways. Open trenches and piles of dirt will be so marked and lighted as to provide safety to all persons and to vehicular traffic. The Contractor is to provide pedestrian access to rear of buildings.

V INSTALLATION OF PIPE LINES

All pipe lines and appurtenances shall be installed in the positions and to the lines, elevations, and grades shown on the plans and as specified herein with 4" of sand under pipe and 8" sand over pipe. The trench shall be on even grades so that the full length of pipe will rest on the trench bottom.

All fittings necessary for the satisfactory alignment and arrangement of piping and all necessary couplings shall be furnished by Truckee P. U. D.

Trench shall be cut to grade so as to provide continuous support for the pipe. Bell holes shall be dug as necessary for valves and fittings.

Ends of all pipe shall be closed or plugged at the end of each day's work and otherwise as necessary to prevent the entrance of foreign materials.

Welding shall be done by qualified welders in a first class and workman-like manner, conforming to the American Standard Code for Pressure Piping ASA B31-1-1942, Section 6, Chapter 4 and Appendix, Part 1 and Part 2.

Butt welds on fittings shall be of the single "V" type, with ends of pipe and fittings beveled approximately 37½°. Piping shall be carefully lined up before welding is started and the alignment maintained during welding.

Welds for flanges and socket fittings shall be of the fillet type with a throat dimension not less than the pipe wall thickness.

Fittings shall be provided at all bends or deflections in excess of 5 degrees. Welding shall be by electric arc method by qualified experienced welders in conformance with welding specifications of the American Welding Society.

Flanged joints shall be made up square, with even pressure on the gaskets and shall be water tight.

VI REPAIR OF DAMAGED COATING AND/OR WRAPPING

Any damage to pipe coating or wrapping shall be repaired before placing any backfill. The Contractors shall keep a pot of hot asphalt or emulsified asphalt and a supply of asbestos pipe wrapping on hand to repair damaged wrapping before pipe is laid in bottom of trench. Asphalt and wrapping shall be comparable to that of pipe. Care shall be taken that asphalt used in repairs is compatible with the original pipe coating.

VII VALVE INSTALLATION

Buried valves shall be of the flanged end type with operating nut as herein specified. Valves shall be set plumb and properly fitted to the adjacent sections of main. All buried valves shall be provided with valve extension boxes as specified. Top of valve boxes shall be set two (2) inches above the adjacent grade and the ground sloped up to the valve box unless the box is located in a paved road. In paved roads, the top of the valve box shall be set level with the adjacent roadway.

VIII BACKFILL

All pipes shall be laid accurately to grade and elevations as given.

After pipe line is placed in trench and tested and is ready for backfill, it shall be backfilled with sand, fine earth, or other materials free from rock and large lumps to eight (8) inches above the top of the pipe. The remainder of backfill shall be tamped in layers of eight (8) inches or by jetting. No backfill shall be by power equipment until the pipe is hand covered at least eight (8) inches above the top of the pipe. Sufficient time is to be given to Truckee P. U. D. personnel by Contractor before backfill so that the conversion of water service attachments from existing pipe line to new pipe line is completed. No claim for compensation by Contractor will be accepted for the delay in the backfill.

Existing underground services are shown as accurately as available data permits. This data is approximate as to location and does not necessarily show all lines which may be encountered in excavation and shall be responsible to repair or replace all such facilities damaged due to work of this project. THE CONTRACTOR SHALL BARE ALL EXISTING WATER, GAS AND SEWER LINES BY HAND.

IX WATER TESTS

After laying of pipe and before backfill, the Contractor shall test the piping as herein specified. The Contractor shall furnish all material, equipment, and labor for testing the system as follows: UNDER PRESSURE OF 125 lbs FOR 12 HOURS.

The test shall be made by closing valves and filling the pipe lines with water, provision having been made for the release of air from the lines to be tested.

Any leaks that are found shall be immediately corrected and the system again subjected to the same test for a period of 24 hours.

The Contractor shall inform the District at least two days in advance of the time set for testing the piping system.

The Contractor shall take all necessary precautions to prevent any joints from drawing while the pipe lines and their appurtenances are being tested and he shall, at his own expense, repair any damage to the pipes and their appurtenances, or to any other structures, resulting from or caused by these tests.

X DISINFECTING

After all other work has been completed, and prior to placing in service, water lines shall be thoroughly flushed and completely disinfected in accordance with American Water Works Association procedures as contained in A. W. W. A. C 601-54 "Standard Procedure for Disinfecting Water Mains."

XI EXISTING FACILITIES

The Contractor shall be responsible to verify the location of existing facilities. Damages to any existing water mains, services, telephone lines, gas lines, sewer lines, fence, building or other structures shall be the responsibility of the Contractor repaired at his own expense and to the satisfaction of the Truckee P. U. D. The Contractor shall after completion of the job restore the pavement where it was broken up for installation of new 8", 4" pipes and the laterals. This work has to be done to the satisfaction of the District.

Contractor shall co-operate with Truckee P. U. D. personnel which will be on call for assistance in re-aligning any water or sewer lines that may interfere with the installation of the new pipe line.

XII CLEANUP

At the completion of the work herein contemplated and after acceptance of the installation, the Contractor shall remove from the premises any surplus material or debris resulting from his work. This surplus material may be deposited at the Truckee Public Utility Substation site.

The District reserves the right to reject any and all bids.

Dated: Au. 26, 1964.

Truckee P. U. D.

s/ EDWARD N. AWEEKA,
President of the Board of Directors

s/FRANCIS LONGO,

In California... after a swim, beer is a natural

On a hot summer day, a dip in a cool stream can be wonderfully refreshing. Equally refreshing when you're relaxing afterwards with friends is a hearty glass of beer. There's hardly another beverage around that suits what you do for fun as much as beer. Camping, hiking, or just lounging on a lawn chair—beer brings to each just the right touch of extra good living.

Your familiar glass of beer is also a pleasurable reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.

In California, beer goes with fun, with relaxation

KASPIAN EXPLAINS

(Continued from Page 1)

government to set rates.

TPUD will not encumber property without consent of federal government.

TPUD will not sell or transfer property without consent of federal government.

TPUD will not purchase materials on credit without consent of government.

TPUD will acquire and maintain whatever insurance the government deems necessary.

TPUD will not extend service, enter into contracts to maintain service or purchase energy from others nor incur expenses for special services rendered without consent of government.

TPUD will make further resolutions for benefit of government.

Government may extend term of payment for the bonds.

TPUD will not employ manager without consent of government.

In event of default, government may levy taxes and government may operate system.

The resolution document itself is a rather complicated legal instrument of 12 pages of closely typed material, containing 37 sections, entitled "A resolution providing for the issuance of $367,000 principal amount of bonds of Truckee Public Utility District; prescribing the date and form of said bonds; prescribing the interest rate and the maturities thereof and the sale thereof to the United States of America; authorizing the execution of said bonds; providing for the levy of taxes for the payment thereof; and providing for the pledging of revenues to secure such payment."

The resolution was adopted at last week's meeting of the board, by a three to two vote, Kaspian and James McIver opposing and Edward Aweeka, Paul Doyle and Nance Firpo favoring. The action resulted in the resignation of Kaspian and McIver, following heated aguments during the board meeting.

Kaspian charged that the $13,000 annual payments, plus $7,340 interest, will bring the cost to the district to $20,340 a year. This he said, is in excess of the current net income from the district.

Proponents contend that through the improvement of the facilities with the REA loan, the revenue will be materially increased, more than offsetting the required payments and interest charges.

In addition, Manager Frencis Longo, a supporter of the loan, said that he had been assured that low cost power would be made available to the district within a "reasonable" period of time, materially reducing the present cost. The source of this information, he added, could not be immediately revealed.

The $367,000 loan requested is repayable over a period of 35 years at a rate of 2 per cent interest. The district, Longo said, would borrow only the amount needed to complete the substation, now under construction, and increase the capacity of the system. Any balance will be held by the government, for a limited time, pending the further needs of the district.

In a recent interview, Richard H. Wood, assistant administrator of the REA, here from Washington, said the loan to the district would not interfere with any future sale, providing this was found advisable, and that the incorporation of the area into a city, as presently proposed, would have no bearing on the bonds providing the city assumed the obligation.

However, any future sale or transfer would require the consent of the government, according to the interpretation placed on the resolution by Kaspian's attorney.

VISION IMPORTANT TO CHILD LEARNING

Visual problems of 24 of every 100 teenagers who dropped out of high school before graduation in the United States last year were cited by the Sacramento Valley Optometric Association as possible contributing factors in the failure of the students to complete a secondary education.

"Studies have revealed that up to 85 per cent of school failures have inefficient vision, " Dr. Marvin I. Schwartz, optometrist of Tahoe City said. "And in many cases the vision difficulties of the 'drop-outs' began during their first three years in school."

He explained that children learn from what they see around them, not merely from what they are told and that a child's school achievement in the early grades consists mostly of reading activities.

If a child, learning to read, experiences blurring of print, skips or miscalls words, or cannot increase either his speed or comprehension,he may quietly develop a disinterested attitude, tendencies to daydream, or behavior problems of many types.

The Sacramento Valley Optometric Association spokesman cautioned that as a child progresses in school, the correlation between his reading ability and achievement gradually drops, but the child's ability to read, or to learn to read, in the first three grades may well contribute to his future success or failure.

IS YOUR VISION UP-TO-DATE?
It should be examined at least once a year

(LEGAL NOTICE)

PONDEROSA PALISADES UNIT NO. 1 ASSESSMENT DISTRICT RESOLUTION OF INTENTION NO. 64-134

RESOLVED BY THE BOARD OF SUPERVISORS OF THE COUNTY OF NEVADA, STATE OF CALIFORNIA:

That it is the opinion of this Board that the public interest and convenience require that it is the intention of this Board to order the following described work to be done and improvements to be constructed in certain places, rights of way and public roads in the Counties of Nevada and Placer, to-wit:

That Ponderosa Drive, Tamarack Way, Pine Cone Road, Silvertip Drive, Snowflower Court and the Access Road within the subdivision Ponderosa Palisades Unit No. 1 as shown on the official plat thereof recorded in the Office of the County Recorder of Nevada County in Book 2 of Subdivision Maps, at Page 24 and in the Office of the Recorder of Placer County in Book H of Maps, at Page 50 be improved by constructing thereon pavement consisting of aggregate base with asphaltic concrete surfacing, drainage facilities consisting of ditches and culverts, street signs, and a domestic water distribution system;

That an easement along the lines of Lots 56 and 57 of said subdivision be improved by constructing thereon a paved drainage ditch;

That the following described easements within said subdivision be improved by constructing thereon a water pipeline:

A. the North line of Lot 24
8. the North line of Lot 43
C. the North line of Lot 50
D. the West line of Lot 50;

That all necessary appurtenances for the above described improvements be constructed and that al refuse and surplus materials be removed and disposed of.

That all of said work shall be done and said improvements shall be constructed pursuant to Division 7 of the Streets and Highways Code of the State of California, the Improvement Act of 1911, as amended, and shall be of the sizes, dimensions, materials, and in the positions and locations and to the grades as shown and described upon and all in accordance with the plans and specifications, for Ponderosa Palisades Unit No. 1 Assessment District, approved by this Board on September 15, 1964, and now on file in the office of the Clerk of this Board.

That in the opinion of this Board of Supervisors the public interest will not be served by allowing the property owners to take the contract to perform the work of improvement herein described, and such property owners shall not be permitted to enter into a written contract to do said work.

That it is the opinion of this Board that said work and improvements are of more than local and ordinary public benefit and that this Board hereby orders that the costs and expenses of said work and improvements shall be charged upon a District and that this Board hereby declares that said District is the District to be benefited by said work and improvements and that said District shall be assessed to pay the costs and expenses of said work and improvements.

That the exterior boundaries of said District and the extent of the territory included therein are shown upon the map of said Ponderosa Palisades Unit No. 1 Assessment District adopted and approved by this Board on July 1, 1964.

That said map is now on file in the office of the Clerk of this Board and this Board hereby refers to said map and to the Resolution approving said map for a particular description of the boundaries of said District and extent of the territory included in said District, and that this Board hereby declares that the area of all public highways, streets, and roads included in said District is excepted from said District.

THAT THIS BOARD HEREBY GIVES NOTICE that Serial Bonds, made payable to bearer, shall be issued pursuant to Part 5, Division 7 of Streets and Highways Code to represent unpaid assessments of $50.00 or more, and that said bonds will bear interest at the rate of six per cent (6%) per annum and that the last principal installment due on said bonds shall mature fourteen (14) years from the 2nd day of January next succeeding the 1st day of September following their date, and that the redemption provisions of said bonds shall provide a premium of five per cent (5%) of unmatured principal if redeemed before maturity.

THAT THIS BOARD HEREBY GIVES NOTICE that it sets October 1st, 1964, at the hour of 2 o'clock P. M. in the chambers of the Board of Supervisors of the County of Nevada in the Nevada County Courthhouse in the City of Nevada City, California, as the time when and the place where any and all persons having any objections to the proposed work and improvements herein described may appear before this Board and show cause why the proposed work and improvements should not be carried out in accordance with this Resolution of Intention, and THAT THIS BOARD HEREBY GIVES NOTICE that any owner of property liable to be assessed for said work and improvements may, at any time not later than the hour set for hearing objections to said work and improvements, make and file with the Clerk of this Board a written protest against the proposed work and improvements or against the extent of the District to be assessed, or both.

That the Clerk of this Board shall cause this Resolution of Intention to be published twice in the Sierra Sun and Truckee Republican, a newspaper published and circulated in said County of Nevada, which said newspaper is hereby designated for that purpose and which is hereby designated as the newspaper in which all further notices required to be made herein shall be published.

That the Clerk of this Board is hereby directed to mail notices of the passage of this Resolution of Intention to all persons owning real property which is to be assessed to pay any part of the cost of the work and improvements hereinabove described.

That the Engineer of Work of the County of Nevada shall, in the time, form and manner provided by law, cause notices of the passage of this Resolution of Intention to be conspicuously posted along the lines of the work and improvements described herein and on all the open streets within the District above described.

PASSED AND ADOPTED BY THE BOARD OF SUPERVISORS OF THE COUNTY OF NEVADA, STATE OF CALIFORNIA, THIS 15th DAY OF SEPTEMBER, 1964 by the following vote:

AYES: SUPERVISORS Ricker, Bishop, Hennessy, Blake, Loehr.
NOES: SUPERVISORS None.
ABSENT: SUPERVISORS None.

H. G. LOEHR,
Chairman of the Board of Supervisors.
Attest:
JOHN T. TRAUNER,
Clerk of the Board of Supervisors.

TEACHERS, PARENTS MEET IS SCHEDULED

KINGS BEACH—The Teachers Parents Association of Kings Beach school will hold the first meeting of the fall season at 8 p. m. September 24, in the school edifice when all parents of the pupils are asked to attend and become acquainted with the staff for the new semester.

Mrs. Margaret Cole will preside at the business session when plans will be discussed for the annual Halloween carnival party to take place in October. Mrs. John Oelrich is secretary of the organization.

New Grandparents

Mr. and Mrs. Eugene Montano are the proud grandparents of Rodney Lee, born September 14 to Mr. and Mrs. Derylee Allan of Antlers, Oklahoma. The newcomer weighed seven pounds on arrival according to his aunt, Mrs. Haskell Erwin of Truckee.

The baby's mother is the former Olivia Montano, well known here before her marriage.

RUMMAGE SALE

TAHOE CITY—The Tahoe City Women's Club will hold their annual rummage sale September 22 to 24 at the Pioneer Village on Highway 89 about a mile west of the Tahoe City Y. Proceeds are for the benefit of the scholarship fund.

Students Leave—

Dan Chandler who has been working at Z Market left for the University of California where he is a senior student this year. Harry Chandler is also a college student in the bay area. Karen and Reg Smart and Kary Kielhofer are studying at Chico State this year.

BARBECUE

(Continued from Page 1)

year ago when the Rotarians proposed to George Steed, Truckee District ranger of the Tahoe National Forest, that a large barbecue for group functions was needed in the Truckee area.

Steed told the group such an area could be set up on National Forest land at Prosser Reservoir and the Rotarians proposed building the barbecue.

The group barbecue area will be operated on a reservation basis, Forest Service officials reported. Reservations may be made by contacting Steed at the district ranger's headquarters in Truckee.

Besides the time donated by Hubbard and Wright, materials and equipment for the barbecue were donated by Truckee-Tahoe Lumber Company, Sierra Construction Company, Vind Bros. Ready-Mix and Thornton's Garage. Native volcanic rock was furnished by the Forest Service.

HOSPITAL

(Continued from Page 1)

to the existing south nursing wing and the planned new north nursing wing by way of an elevator servicing the first floor level from the ground level dietary department.

A staff dining room is also to be included in the ground level plan and will provide service to staff members. The present kitchen space will be remodeled for a medical records department and the existing staff dining room converted to a nurses locker and lounge facility.

The current foundation construction phase underway at the hospital site is being constructed by Don da Roza, general contractor of Dutch Flat. The work includes completing the excavation, excavation and concrete footing work to support the new two story structure planned in the current expansion program. Completion of this phase of the construction is set for early November and will permit the construction program for the second main phase of work to proceed in the early spring without the uncertainty and delays of a spring thaw.

The main construction phase is scheduled for early winter bidding and will include both new construction and remodeling work of the existing facility tentatively scheduled for completion 18 months after award of contract.

Janice Buehler Weds At Church Ceremony

Miss Janice Buehler, daughter of Mr. and Mrs. Elwood Buehler, former Truckee residents, now residing in Grass Valley, became the bride of Donald Zentry at an impressive ceremony on August 22 at St. Boniface Catholic Church in Anaheim.

Elwood Buehler gave his daughter in marriage. She was attired in a lovely white full length gown, embroidered in seed pearls. The gown has a fitted bodice, long sleeves to a point at the hands and the full skirt formed a train. Her veil was of illusion nylon, fingertip length, held in place by a pearl crown.

For something old, the bride carried a lace handkerchief which had been carried by five generations in her mother's family. Her cascading bouquet was of orchids, baby sweetheart roses and stephanatis.

For her maid of honor, Mrs. Zentry chose her aunt, Miss Rosalie Reed of Costa Mesa and bride's maids were Miss Pauline Ramirez of Fullerton and Miss Mary Reed of Carlsbad. All wore identical blue satin, floor-length gowns, matching caps with blue netting and each carried pink cascading bouquets.

Louis Zyla of Fullerton was best man with William E. Reed of Carlsbad and Ed Snyder of Fullerton as ushers.

Mrs. Buehler chose a dress of lace and crepe in toast color with matching accessories and a pink orchid corsage.

The guest book was attended by Miss Kim Burns of Auburn. Little three-year-old Miss Price served as flower girl and wore a dress identical to the bride's. Four-year-old Master Price was the ring bearer. They are children of Mr. and Mrs. Jerry Price of Santa Ana.

More than 100 guests attended the ceremony and reception.

After a week's sojourn in San Francisco, the couple were at home in Long Beach.

Zentry is the son of Samuel Zentry and the late Mrs. Zentry of St. Petersburg, Florida.

HAPPY BIRTHDAY

Friends and relatives dropped in to wish Richard Joseph a happy birthday date on Tuesday, including Mr. and Mrs. Frank Farina from the bay district and Mr. and Mrs. A. P. Leitch of Placerville.

BERRY ILL

William B. (Bill) Berry, veteran Reno newspaper man and winter sports authority, is reported to be seriously ill in a Denver, Colo., hospital. Nature of his illness was not immediately learned.

Enjoys Sun—

Mr. and Mrs. Clint Grady now of North Highlands were visitors here this week to see friends. They mentioned that Jim Grady, with the U. S. forces in Viet Nam thoroughly enjoys the Sierra Sun and passes it on to other men in his outfit.

To Idaho—

Mr. and Mrs. Frank Barrett en route from San Francisco to Boise Tuesday visited the Walter Barrett family.

Autumn at Donner—

The Fred Salisburys of Los Gatos have been sojourning at Donner Lake, enjoying the perfect autumn weather.

Newcomers—

Mr. and Mrs. George Brougham of Richmond are enthusiastic and new residents of Donner Lake where they are building on Donner Avenue. Brougham is a captain with the bay city fire department.

From City—

The Sherman Chickering family of San Francisco has been visiting at Sugar Bowl and Lake Tahoe.

Carmel Visitors—

Mr. and Mrs. Robert Leamon, Bruce and Marcia, returned Sunday from Carmel where Mrs. Leamon and Bruce vacationed.

From Utah—

Mrs. William Englehart, Sr., Mr. and Mrs. William Englehart and their granddaughter, Cindy, returned following a visit with Mr. and Mrs. Merrill Englehart, in Utah.

ENROLLMENT BOOMS AT SIERRA COLLEGE

Total enrollment at Sierra College boomed to 2464 last week, with another 100 or more expected to enroll as evening programs got under way this week.

The enrollment included 1464 daytime students, 766 students taking only night classes and more than 1,000 students taking both day and evening classes.

The campus at Rocklin was designed for 1,000 students, but daytime enrollment has doubled from 700 since the district was formed seven years ago. Two new buildings, the administration building-library revision and the engineering bulding, are expected to go to bids shortly after January, 1965 to help relieve the increasing enrollment problem.

President Harold Weaver said the new buildings, made possible by voter approval of a tax override last spring, should help to relieve some of the problems faced this year. Approximately 1,000 students who would normally be day students are now taking at least one of their courses at night. For students living some distance from the campus, this constitutes a burden. For some parttime or working students, the night offerings are convenient, and will be continued, Dean of Instruction Marion Akers noted.

SIX INJURED

(Continued from Page 1)

2, of Deer Lodge, Montana, were treated for injuries at the Tahoe Forest Hospital Friday after her car lost its brakes and ran into the bank on Donner grade. She was cited for not having a driver's license in her possession.

Last Thursday, Eugene L. Parham, 20, of Ohio and his passenger, Dale Postel, 30, suffered minor injuries at 4:45 a. m. when Parham attempted to pass a truck and ran off the road near Big Shot on Donner grade. He was cited for not having his vehicle under control.

Cheryl Nichols, Tahoe City, suffered minor injuries Thursday when a car driven by Norvin R. Nichols, Tahoe City, hit the rear of one driven by Claude Davidson, 52, Lakewood, which had stopped for a passing pedestrian. The driver was cited for exceeding a safe speed for conditions.

miss pat

Miss Pat's White Collar Girls—in cool, dark plaids sparkled with the bright white plunging poet collar in pique.

Long shirt sleeves and a big bow together with a soft, full skirt make the look all girl.

The fabric is a blend of 50% Dacron polyester and 50% cotton in darkened plaids of red and green.

CABONA'S
TRUCKEE

AIR SQUADRON WILL HEAR REPORT SOON

TAHOE CITY—Mrs. Marie Henry returned this week from Washington, D. C., where she was a delegate from the Lake Tahoe Squadron of the National Air Force Association at the convention held there.

Mrs. Henry has acquired some valuable information and other material which she will pass on at a meeting of the Tahoe Squadron at the next meeting Monday, September 21 at the Lake Tahoe school at 8 p. m.

All members and guests are urged to attend and a special invitation is extended high school students as the information is of special value to them.

The Dan Mawhinneys have left southern California to return to the north part of the state, Sacramento.
